Tune (Military March - Sound off 1-2)

I don't know but I've been told
Some of us are getting' old.

We're preparin' for our b'nai mitzvot
The Rabbi has taught us the brachot.

But while we wait, while we're chillin'
We're gonna learn to wrap tefillin.

Guys from the men's club will help us out
Teachin' us what tefillin is all about.

We're joining in the World Wide Wrap
Layin' tefillin will become a snap.

Generations have come and gone
But this tradition will live on....

Wrap on – one, two
Wrap off – three, four
Bring it on down now
One, two – three, four

THE SHLOMOS

We wrap all day and we wrap all night,
Except on the Sabbath, which is Friday night.

Chorus

Even the villan' is willin' to wear his taffilin'
Wrap, wrap, wrap

These straps have taken their toll on my arm.
It cut off my blood flow too many times before..., To this love
These straps have broken my arm,
I have no choice cuz I won't turn purple anymore....

Chorus

Then Rabbi Steindel comes in, and tells us how,
Not too light but not too tight
Wrap, wrap, wrap
1,2,3,4,5,6,7

MY ARM IS KILLIN'

Find me inside chilling
I'm wrapping my taffilin
My arm will be killing
Because of my taffilin

When done wrapping my taffilin
My arm will be killing
But I am not willing
To take off my taffilin

Done wrapping my taffilin
My arm is really killing
Whether or not I'm willin
Gotta pray with my taffilin

When I'm upstairs praying
I'll be playing with taffilin
Because my arm be killing
Because of my taffilin'
