

Shoah Yellow Candle™ Ner Katan Six-Piece Set

“Light A Candle, Preserve A Memory”

The concept of a special yahrzeit candle was developed in 1980 by survivors of the Shoah, at gatherings and in their local Men’s Clubs. They recognized that most victims had no one left to observe yahrzeits. The candle’s purpose was to provide people with a familiar ritual to remember victims of the Shoah, in a meaningful home observance.

The Ner Katan package provides six Yellow Candles for year-round use on Yom Kippur, Kristallnacht, Yizkor dates and on Yom HaShoah. Program materials for Kristallnacht ceremonies and other communal observances are available.

Ner Katan Yellow Candle packs may be obtained from the Federation of Jewish Means Clubs with an order form, or by ordering directly on the Yellow Candle website.
