HOW TO PARTICIPATE IN THE FJMC CHALLENGE

STEP 1: LOGIN TO FJMC WELLNESS PORTAL

Log into your FJMC wellness portal.

STEP 2: FIND CHALLENGES UNDER THE WELLBEING DESKTOP

Select Challenges under the Wellbeing Desktop on the FJMC portal homepage to enter the challenge dashboard.

STEP 3: CHALLENGE DASHBOARD

Select the Activate button to register for the **FJMC Israel Walking Challenge**.

STEP 4: JOIN TEAM

A drop-down menu will appear of available teams to join. **Please select the FJMC men's club of which you are a member.**

STEP 5: CONFIRM LEADERBOARD VIEW

Confirm if you would like to appear on the leaderboard in the lower right corner of the challenge page.

STEP 6: PARTICPATE

The FJMC Israel Walking Challenge is a team challenge. The challenge leaderboard will be ranked according to Team Total Average. For example, if you have 10 people on your team and the total team registered 100,000 steps, then the Team Total Average for this team would be 10,000 (100,000 steps/10 participants).

MANUAL STEP TRACKING

FJMC WELLNESS PORTAL

1. Click **Challenges** located in your **Wellbeing Desktop** or via the Portal **MENU**
2. Click the **+ Track Steps** button located under **My Progress**
3. **Enter the date** in which you are logging steps
4. Enter the Steps and select **Add Steps**

FITNESS & NUTRITION

Set-up your fitness profile, track and view reports on your steps, active minutes, exercises, sleep, weight, heart rate, blood pressure, glucose, water, and nutrition.

- Enter steps in the Track Steps section for manual entry or sync a device/app for accurate step counts.
- Active minutes do not automatically transition to steps.
 - Please note that active minutes in the Fitness and Nutrition dashboard do not automatically convert to steps. For this conversion, you will want to take the total time that you did an activity in minutes and multiply it by 100 (e.g. 30 minutes of cycling x 100 = 3,000 steps).
- Manually entering steps will override any existing synced steps for that day.
- If you would like to add manual steps to your synced steps, please add these on your Apple Health App and NOT the Fitness and Nutrition dashboard section of the FJMC wellness portal.

KNOW YOUR NUMBER ASSESSMENT

The Know Your Number is a health risk assessment and education tool that evaluates your risk for up to six (6) of the most common modifiable chronic diseases. Upon completion, a simple report then displays your modifiable disease risk and how your risk compares to your peers.

The screenshot displays the 'KNOW YOUR NUMBER® HEALTH ASSESSMENT' questionnaire. It is divided into three tabs: 'Questionnaire', 'Results', and 'Completed'. The 'Questionnaire' tab is active, showing the following sections:

- Personal Information:** Name (FJMC Challenge), Date of Birth (1/5/1972), Sex (Male), and Ethnic Group (Select One).
- Personal Health:** A series of yes/no questions about various health conditions, including High Blood Pressure, High Cholesterol, Diabetes, Coronary Heart Disease, Stroke/TIA, Heart Failure, Valve Disease or Heart Murmurs, Other Cardiovascular Disease, Left Ventricular Hypertrophy, and Atrial Fibrillation.
- Health Metrics:** A table for entering various health metrics.

Health Metric	Value
Blood Pressure	
Height in Inches	
Waist Circumference in Inches	
Weight in Pounds	
BMI	
Total Cholesterol	
LDL	
HDL	
Triglycerides
